L I T E

*Supplement your
existing Techstream
Diagnostic System!*

SPECIAL
\$445.00

MODEL NO. TSLP2DLR01

Techstream LITE is a supplemental diagnostic platform comprised of: Techstream diagnostic software, a generic Laptop/PC and a Techstream LITE kit. The kit includes a Vehicle Interface Module that allows diagnostic and reprogramming capabilities.

Use the Techstream LITE kit with any PC connected to the dealership's network and meeting minimum requirements.*

Kit Contents:

- MongoosePro MFC2™ VIM – J2534 Vehicle Interface Module that allows Techstream software to connect to a vehicle.
- Techstream LITE Kit Installation Instructions.

NOTE: Techstream software is not included. Dealer technicians can download from TIS via the Dealer Daily network.

Features and Benefits:

- Supports most 1996 and newer Toyota/Lexus/Scion vehicles with DLC3/OBDII diagnostics.
- Allows most computers, ranging from a netbook to a fully-featured PC, to use factory Techstream Software.
- Compact interface module integrated into DLC3 cable.
- Affordable means of providing every technician in the shop powerful diagnostic capabilities.

Warranty: 12 Months from date of shipment to be free from physical defects in material and workmanship under normal use.

Disclaimers: (1) Techstream LITE Kit cannot be used to fulfill the Toyota/Lexus requirements of 1 Techstream for every 5 technicians; (2) Any PC used must meet minimum requirements. PC not included; (3) Product information and pricing are subject to change without notice. Prices noted are in U.S. dollars.

**See page 2 for Technical Information and Minimum PC Requirements >>*
